SURRAYA ISLAMIC SCHOOL

بِسْمِ اللَّهِ الرَّحْمَٰنِ الرَّحِيمِ

"When the human being dies, his deeds end except for three: ongoing charity, beneficial knowledge, or a righteous child who prays for him."

— The Messenger of Allah ﷺ, narrated by Abu Hurairah, Sahih Muslim

SPONSOR A CHILD SCHOLARSHIP DRIVE

"Give a Child Education. Give a Child a Future."

Location	Scholarship Target	Annual Sponsorship	Scholarship Period
Kampala, Uganda	18 Students	USD 900 / student	January – December

1. Background

Surraya Islamic Nursery School is an Islamic educational institution established to provide children in the local community with access to quality education within a nurturing Islamic environment.

The school was established as the first Islamic school in its community, reflecting the community's commitment to providing children with both academic education and Islamic values. Its development has been supported by the generosity and commitment of community members and donors.

Year established: 2025 Current number of teachers: 16

The school seeks to provide children with an environment where they can learn, develop good character, acquire practical knowledge and skills, and grow into responsible members of their families and communities.

For many families, the cost of education is a significant burden. A scholarship can therefore make the difference between a child remaining in school and being deprived of a consistent education.

2. Our Objective

The objective of Surraya Islamic School is to provide children with:

- Quality academic education.
- Islamic education and strong moral values.
- A safe, caring and supportive learning environment.
- Proper nutrition through breakfast and lunch.
- Opportunities to participate in sports and physical activities.

- Development of confidence, discipline, leadership and teamwork.
- The knowledge and skills necessary to pursue further education and become productive members of society.

Our vision is to nurture a generation of educated, principled and capable young people who can contribute positively to their families, communities and Uganda.

3. The Scholarship Drive

We are launching a scholarship drive to support 18 students for one full academic year, from January to December.

18 students × USD 900 = USD 16,200

We are therefore seeking to raise USD 16,200 to provide a full year's support for 18 children.

4. What Does USD 900 Provide?

The USD 900 annual sponsorship contributes towards the child's complete educational needs and the school's essential costs associated with providing that education. The scholarship is therefore designed as a holistic education sponsorship, rather than simply paying tuition fees.

Area	Purpose
School fees	Ensuring the sponsored child can attend school throughout the year
Breakfast	Providing a nutritious morning meal
Lunch	Providing a nutritious midday meal
School operations	Supporting essential costs required to operate the school
Sports	Supporting physical activity, sports and student development
School rental	Contributing towards the premises used to provide education

5. Sponsorship Options

We welcome sponsors at different levels, allowing individuals, families, businesses, organisations and community groups to participate according to their means.

Sponsorship	Amount	Sponsors Needed / Child
Full Sponsorship	USD 900 / year	1
Half Sponsorship	USD 450 / year	2
Quarter Sponsorship	USD 225 / year	4

Every contribution, whether large or small, helps keep a child in school.

6. Sponsor Accountability

We believe that sponsors should know how their support is making a difference. Each sponsor will receive a student progress report twice a year, covering:

- Academic progress
- School attendance
- Behaviour and character development
- Participation in school activities
- Sports and extracurricular activities
- General wellbeing

Reports are shared with appropriate regard for child safeguarding and privacy.

7. Life at Surraya

A glimpse into the daily life, learning and activities that your sponsorship helps make possible.
